12 00 Global Exchange Forum: Insights from Top Business Leaders

The Global Exchange Forum is going to host top business leaders from around the world to let them share their best practices with other WBAF delegates. The Forum aims to connect angel investors, stock exchange executives, fund managers, CEOs of global corporates, impact investors and fintech experts for open learning with different insights from different regions of the world. This will give each participant a great opportunity to learn more about the current developments in the global early and post-early stage equity markets. The Forum will be a great networking opportunity for WBAF 2018 Delegates before joining the annual conference.
